# World Health Day: Prioritizing Global Health

World Health Day is celebrated on April 7 every year and is an initiative of the World Health Organization (WHO) to raise awareness about global health issues.

This day provides a platform to promote healthy habits, raise awareness about diseases and promote equity in access to healthcare around the world.

At UBGa it is an opportunity to recognize the work of health professionals and highlight the importance of international collaboration in improving the health of communities.

# During **April**

We remain steadfast in our commitment to provide medical care to the most underserved communities through our Free Medical Care Days. This month, thanks to our dedication and collective effort, we achieved the following:

- 6 localities in 1 municipality in the state of Campeche
- 12 localities in 2 municipalities in the state of Chiapas
- 20 localities in 2 municipalities in the state of Guanajuato
- 4 localities in 3 municipalities in the state of Tamaulipas
- 11 localities in 2 municipalities in the state of Hidalgo
- 8 localities in 4 municipalities in the state of Puebla
- 68 localities in 10 municipalities in the state of Tabasco
- 31 localities in 8 municipalities in the state of Veracruz

Thanks to our teamwork, we provided assistance in family medicine, dentistry, nutrition, cancer screenings with mammograms, and health promotion workshops to help communities stay healthy.
