LOVE FOR
MEXICO

19 De Mayo Día Mundial del Médico de Familia y Comunidad

At UBGA we commemorate the work of family and community doctors, it is an essential recognition of the work of these professionals who play a fundamental role in the health system. These doctors are the first to care for patients, offering comprehensive care that ranges from prevention and diagnosis to treatment and monitoring of various health conditions.

Importance of Family and Community Doctors

1. **Comprehensive Care:** They provide comprehensive medical care, addressing both physical, emotional and social aspects of health.
2. **Prevention and Education:** They play a crucial role in preventing diseases and promoting healthy lifestyle habits.
3. **Continuity of Care:** They offer continuity of care, which is vital for chronic disease management and long-term follow-up.
4. **Access to Care:** They facilitate access to health services, especially in rural areas and marginalized communities.

During **MAY**

We remain steadfast in our commitment to provide medical care to the most underserved communities through our Free Medical Care Days. This month, thanks to our dedication and collective effort, we achieved the following:

- 6 localities in 1 municipality in the state of Campeche
- 10 localities in 3 municipalities in the state of Chiapas
- 21 localities in 3 municipalities in the state of Guanajuato
- 17 localities in 3 municipalities in the state of Tamaulipas
- 17 localities in 8 municipalities in the state of Hidalgo
- 4 localities in 2 municipalities in the state of Puebla
- 62 localities in 10 municipalities in the state of Tabasco
- 35 localities in 6 municipalities in the state of Veracruz

Thanks to our teamwork, we provided assistance in family medicine, dentistry, nutrition, cancer screenings with mammograms, and health promotion workshops to help communities stay healthy.

Our **impact**

The Free Medical Care Days through Mobile Medical Units in the month of March attended to 16,894 people in 8 states of Mexico.

Campeche

- 1,187** Family medical consultations
- 1,654** Dental interventions
- 91** Ultrasound and electrocardiograms
