FEBRUARY 2026

#LOVE FOR
MEXICO

“World Cancer Day: The Importance of Early Detection”

On World Cancer Day, we are reminded of the importance of prevention, education, and early detection in saving lives. Often, a timely diagnosis can make all the difference and enable more effective treatments.

At Un Buen Grupo de Amigos, we know that access to medical checkups and health services is essential. That is why we work to bring preventive healthcare to more communities and promote responsible health care.

During **February**

We remain steadfast in our commitment to provide medical care to the most underserved communities through our Free Medical Care Days. This month, thanks to our dedication and collective effort, we achieved the following:

- 12 localities in 1 municipality in the state of Campeche
- 10 localities in 3 municipalities in the state of Chiapas
- 6 localities in 1 municipality in the state of Morelos
- 10 localities in 2 municipalities in the state of Tlaxcala
- 2 localities in 1 municipality in the state of Puebla
- 30 localities in 8 municipalities in the state of Tabasco

Thanks to our teamwork, we provided assistance in family medicine, dentistry, nutrition, cancer screenings with mammograms, and health promotion workshops to help communities stay healthy.

Our **impact**

The Free Medical Care Days through Mobile Medical Units in the month of february attended to 8,131 people in 6 states of Mexico.

Campeche

| | |
|--------------|-----------------------------------|
| 952 | Family medical consultations |
