“Promoting Health Care”

Every April 7th, World Health Day is observed—a day promoted by the World Health Organization (WHO) with the aim of raising awareness about the importance of preventing disease and promoting healthy habits. This observance serves as a reminder that health is a fundamental right and a key component of community development.

For Un Buen Grupo de Amigos, healthcare is essential to helping strengthen communities. Through medical outreach events, prevention campaigns, and community care initiatives, we aim to bring healthcare services closer to people and create greater opportunities for the individuals and families who need them most.

During **April**

We remain steadfast in our commitment to provide medical care to the most underserved communities through our Free Medical Care Days. This month, thanks to our dedication and collective effort, we achieved the following:

- 10 localities in 3 municipalities in the state of Campeche
- 5 localities in 2 municipalities in the state of Chiapas
- 13 localities in 1 municipality in the state of Tlaxcala
- 19 localities in 3 municipalities in the state of Veracruz
- 22 localities in 9 municipalities in the state of Tabasco

Thanks to our teamwork, we provided assistance in family medicine, dentistry, nutrition, cancer screenings with mammograms, and health promotion workshops to help communities stay healthy.

Our **impact**
